MEMORANDUM FOR:

Brig. General C. V. Clifton  
Defense Liaison Officer

Attached is an interesting and rather unique report which I felt might be added to the President's weekend reading. Its content is described in the opening paragraph of the enclosure.

This report, in extenso, has been circulated in the Intelligence Community and to Messrs. Bundy and Taylor and might possibly have reached the President through either of these channels. As the full report is unnecessarily verbose and repetitive, I felt that the attached summary would be more useful for the President.

ALLEN W. DULLES
